Rosabelle Illes

Rosabelle Illes, born in Anuba on the 17th of October 1987, has been writing since she was 6 years old. At that time she only wrote poems for her family members. On special occasions her mother would give her a pile of greeting cards to fill in.

She discovered her spiritual writings when she was 12. It all began with the poem 'Heaven On Earth', which is dedicated to her father. After sharing it with several people she realized that many could relate to it and enjoyed it. So she began to write not only to share with others, but to share with herself as well, since she had become curious. As she received more inspiration she noticed that her writings weren't all of the same frequency and once she followed courses of Universal Energy and began to grow interested in spirituality, she got to meet the different sources from who she receives her information.

Rosabelle now dedicates her writings to specific people but also enjoys writing with a blank mind just to share information. She possesses Reiki I and has reached up to levels 6 of Universal Energy. She's also an active member of the Youth Parliament of Anuba.

Rosabelle is currently living in Anuba and is in V5 of the high school 'Colégio Anubano'. When she's done, Rosabelle hopes to continue her studies in parapsychology and spirituality in the states.
